Social Studies . Most colleges expect a student to have three credits for social studies, so many 11th grade students will be completing their final social studies course. For homeschooled students following a classical education model, 11th-grade students will study the Renaissance. Other students may be studying American or world history.

Standard Courses for 11th Grade Students - ThoughtCo

One final thought: If math really is more than you can handle as a homeschool parent, rest assured you can always outsource it to a co-op or online class. ... I also noticed everything lists social studies as one of the 8th grade subjects that should be taught but I don't see a recommendation for that in your list. Would the history be under ...

8th grade science fair projects tend to involve the scientific method and designing an experiment and not making models or explaining processes. You'll be expected to present data in the form of tables and graphs. Typed reports and posters are the norm (sorry, no handwritten text). You should do the project yourself, rather than enlist heavy-duty help from a parent or older student.

8th Grade Science Fair Project Ideas - ThoughtCo

In the social sciences, triangulation refers to the application and combination of several research methods in the study of the same phenomenon. By combining multiple observers, theories, methods, and empirical materials, researchers hope to overcome the weakness or intrinsic biases and the problems that come from single method, single-observer, and single-theory studies.
