It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Best Ford V6 Engine

The Ford Duratec V6, also known as the Mondeo V6, is an aluminum DOHC V6 engine with a 60° bank angle introduced in 1993 with the Ford Mondeo. The primary engineering input came from Porsche, who was developing a similar V6 before selling the engineering to Ford, and Cosworth, who helped with cylinder head manufacturing. The Jaguar AJ-V6 engine is similar but adds variable valve timing

Ford Duratec V6 engine - Wikipedia

The original 2.6L engine was replaced by the 2.8L, which was upgraded to the 2.9L and then finally bored and stroked to make it into the 4.0L that was used in the Rangers, Aerostars and Explorers starting in 1990. It was replaced by a SOHC engine from this same family at the end of model [...]

Ford 4.0L V6 Engine - Engine Builder Magazine

The 3.0L Ford pushrod motor has been around for nearly 20 years. It was originally introduced back in 1986 and millions of them have been installed in a wide variety of front and rear wheel drive cars and trucks since then. It's been used in several FWD applications including the Taurus/Sable, the Tempo/Topaz and the [...]

Ford 3.0L V6 Engine - Engine Builder Magazine

2. Timing Cover Gasket Problem: The timing cover gasket problem of Ford 4.2L V6 engines is also a traditional thematic problem. The primary function of the timing cover is to guard the timing belt or chain that attaches the camshaft to the crankshaft and allows your engine valve to open and close at the right time during the internal combustion process.

Ford 4.2l V6 Engine Problems - A to Z Problem Discussion - Auto car need

3.5 L Production began in 2006 for the Ford Edge, Lincoln MKX, and Lincoln MKZ.. Official SAE certified engine output is 265 hp (198 kW) and 250 lb·ft (339 N·m) on 87 octane gas. This is a substantial upgrade in power from the Duratec 30 and bested all comparable 87 octane rated V6 engines at the time of its launch. For 2011, the 3.5 L received Ti-VCT, helping to boost output to 285 hp (213 ...
