Lehne's Pharmacology for Nursing Care - Books Runner

Lehne uses tables to present complex information from various angles. This helps to better and rapidly digest things like drug categories, therapeutic results, etc. Lehne uses more medical/scientific language and explanations compared to my other nursing texts. That's a plus to me, but others might not like it.

**Lehne's Pharmacology for Nursing
Care 10th Edition PDF ...**

About the Author Richard A. Lehne's involvement in nursing education began 27 years ago at the University of Virginia School of Nursing, where he taught undergraduate and graduate pharmacology courses and has also taught at the University of Arizona in both the School of Nursing and School of Pharmacy.

**Pharmacology for Nursing Care:
9781416025528: Medicine ...**

The author, Lehne, is very concise in his presentation of pathophysiology and pharmacology i.e., mechanism of action, pharmacokinetics, adverse effects, interactions, etc. One thing that sets this book apart from the other drug books is the extensive but concise explanation of nursing implications related to each drug.
